

ATTENTION ALL RESIDENTS

PLANNING APPLICATION TO BUILD A CRECHE AND OUTDOOR PLAYGROUND IN FYFE GROUND FLOOR

You will have received Haringey's Council letters dated 20 May, 22 May and 2 June respectively.

The first relates to a planning application to change the use of Fyfe ground floor to the sole use of a creche. (planning application [HGY/2008/1041](#))

The second relates to building the said crèche on the ground floor of Fyfe, turning a large part of the gardens into a gated playground, and creating six parking spaces outside for the sole use of the crèche. (planning application [HGY/2008/1042](#))

The third relates to erecting totem signs outside Fyfe for the proposed crèche and adding a branded fascia to the ground floor. (planning application [HGY/2008/1044](#))

You can see these applications by going to www.haringey.gov.uk and then clicking on Planning Applications, and post your objection. You can also call Robin Campbell, Case Officer, Planning Policy and Development, Haringey Council , 639 High Road, London N17 8BD Direct telephone line: 020 8489 5606 for more info.

Or go to the NRVA website www.nrvra.org.uk and all the links are provided on the home page.

The key implications of a crèche are obvious, as listed on the NRVA website http://nrvra.org.uk/wiki/Fyfe_Building_Creche and include:

Traffic * Parking * Loss of open green space * Noise * Large Signs

We are petitioning to have this application stopped. Even if you have already posted your objection on line, this petition will add strength to it. Please voice your concern by filling the tear off slip below **NO LATER THAN FRIDAY 20 JUNE** and bring it to Concierge in an envelope marked NRVA Committee.

Tel/email (optional) _____

I object to the construction of a creche on the ground floor of Fyfe building, to turning the adjacent landscaped area into a gated playground, to providing parking spaces for creche users and to erecting totem signs for the said creche in front of Fyfe and on the open spaces.
